Brand New Book ***** Print on Demand *****.Excerpt from Karl Marx; The Man and His Work and the Constructive Elements of Socialism: Three Lectures and Two Essays At the same time, and quite apart from the general servitude involved in the wages system, the working class ought not to exaggerate to themselves the ultimate working of these everyday struggles. They ought not to forget that they are lighting with effects, but not with the causes of those effects; that they are retarding the downward movement, but not changing its direction, that they are applying palliatives, not curing the malady. They ought to understand that, with all the miseries it imposes upon them, the present system simultaneously engenders the material conditions and the social forms necessary for an economical reconstruction of society. Instead of the conservative motto, A fair day s wages for a fair day s work! they ought to inscribe on their banner the revolutionary watchword, Abolition of the wages system! - Karl Marx.
