Outskirts Press, United States, 2009. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.Just when you think nothing else can go wrong, Murphy steps in to prove otherwise. But Murphy s Law doesn t have to control your life on a daily basis. In today s economy of rising gas prices, food prices, daily needs, medical expenses, college tuition, books and fees, property taxes and needing a license for nearly everything to gather food (gardening may the exception for many), as well as the declining pay raise, job losses, housing crisis, repossessions and out-of-control credit card balances, it is no wonder the working class are struggling to stay out of bankruptcy. Sometimes we have to stop and ask, how do the rich do it or even, how do the poor survive? Some of us are learning things are very different than how we learned growing up. In this book, you can take a quick glance at some of the little known secrets that give a different view of situations, only to realize they aren t secrets at all. With this no-nonsense view, the problems seem to have a real solution with little agony, only some sacrifice.
