

Railroads of Colorado: A Guide to Narrow Gauge and Modern Trains

By Bob Griswold

American Traveler Press. Paperback. Book Condition: new. BRAND NEW, Railroads of Colorado: A Guide to Narrow Gauge and Modern Trains, Bob Griswold, Just mention Colorado to the avid rail fan and you have their interest; add the term 'narrow gauge' and you have their undivided attention. Why this special interest in the Centennial State's railroads which span 120 years? One reason is Colorado's geography -- relatively flat plains in the eastern third of the state, the rugged Rocky Mountains in the central and southwest areas. Colorado's railroads traverse all these regions -- from a 2285 foot elevation to the heights of 14,000 foot peaks. This geographical configuration makes Colorado railroading second to none.

Reviews

An incredibly wonderful book with perfect and lucid explanations. It normally is not going to price a lot of. I am just very happy to tell you that this is the greatest pdf we have go through within my personal lifestyle and could be the finest book for at any time.

-- **Bart Lowe**

This is basically the greatest pdf i actually have go through till now. It is definitely simplistic but surprises within the fifty percent in the ebook. I am easily will get a delight of studying a published ebook.
