

Jean-Luc Moulene: Opus + One (Hardback)

By Yasmil Raymond, Philippe Vergne

Yale University Press, United States, 2013. Hardback. Book Condition: New. 246 x 176 mm. Language: English . Brand New Book. Since the late 1980s, Jean-Luc Moulene (b. 1955) has developed a body of work informed by a critical investigation of artistic authorship, addressing such issues as autonomy, immanence, and anarchic politics. Although he is best known for his enigmatic and seductive large-format photographs, Moulene has maintained a parallel exploration of materials and objects-manufactured and found, industrial and organic, intimate and imposing-that he has collectively titled Opus. This book, the first critical study of Moulene's work, brings together leading scholars to examine the artist's diverse aesthetic strategies and interests in the relationships between social and political arenas and systems and orders, including geometry, mathematics, social sciences, and human behavior. Featured essays also examine Moulene's theoretical and playful inquiries into the plasticity of materials and the ways we see and understand both still and moving images.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- **Prof. Arlie Bogan**

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
